Subject: Reference for Miss Beth Hooper

To whom it may concern

Miss Hooper was employed with Versatec Energy B.V. as a technical writer and editor for the duration of a major project lasting from 15 September 2010 - 15 March 2011.

Her writing and editing skills were above our expectations. Miss Hooper showed a good technical knowledge gained from previous positions in the oil and gas industry which enables her to interpret complex technical descriptions.

She had a good working relationship with colleagues and management.
